On March 24, 2021, the undersigned officer conducted an unannounced home visit. An instant urinalysis was administered, yielding a positive result for Oxycodone. Upon questioning, it appeared to the undersigned officer that Ramos was not being forthcoming regarding suspected drug use. Eventually, Ramos admitted to using a pill that he obtained from an unknown individual which was reportedly used for back pain. Ramos is currently not prescribed any medication for back pain and was unable to provide proof of a previous prescription. The specimen was sent to the lab and the Probation Office awaits confirmation at this time.

U.S. Probation Officer Action:

Due to the addictive nature of narcotics, specifically opiates, the undersigned officer referred Ramos for a substance abuse evaluation to determine what level of treatment is necessary for his use of Oxycodone. It was determined that he is in need of outpatient care and Ramos was enrolled in group substance abuse treatment sessions at Open Door in New Brunswick, New Jersey, with a start date of April 6, 2021. Ramos did not report to treatment on that date and advised that such was due to working late and being unable to get to the program on time. The undersigned officer discussed the need for Ramos to participate in treatment and to make treatment a priority. Open Door and the undersigned officer will continue to work with Ramos in order to be sure he ceases all substance use and participates in drug treatment as ordered by Your Honor.

The U.S. Probation Office will continue to monitor compliance with the conditions of supervision and will advise the Court if noncompliance continues. No Court action is recommended at this time; however, by Your Honor's response and signature below, we shall provide this document to Ramos to serve as an Official Judicial Letter of Reprimand.

Respectfully submitted,

SUSAN M. SMALLEY, Chief
U.S. Probation Officer
